

I Don't Know Why

Verse 1 ->

I Don't know why, I don't know why
Jesus suffered for me
Why He was bruised, Why He was hurt
Why He died in agony
Why He did it all for me?

Chorus 1

Amazing love
Poured from the Son of God
He drank my cup of sin
Til none was left within
Why love someone like me?
Why love someone like me?

Verse 2 ->

I Don't know how, He could embrace
The full weight of Calvary
Knowing the cost, He faced the cross
Out of love to set me free
Yes, He did it all for me

Chorus 2

Amazing love
Poured from the Son of God
He left His home above
Pure sacrificial love
Why love someone like me
Why love someone like me

Instrumental

He loves someone like me He loves someone like me

He loves someone like me He loves someone like me

Bridge

He didn't want to suffer; He didn't want the shame
To be tortured by scourging or the cross with its mocking pain
With the weight on His shoulders, for the whole of humanity
He had the choice of calling angels or die alone in agony...
But He chose to die
Cos, He loves me

He loves someone like me He loves someone like me

Chorus 3

Amazing love
Poured from the Son of God
New life, for me, He'd always planned
I can never understand
He loves me, He loves me
He loves me, He loves me

Ending

I Don't know why, I don't know why
Why He did it all for me
