

## **Then Love Arrived**

### **Verse 1**

There was a man, he lived in Paradise, A world of dreams, so incredible  
Every day, became more wonderful, His Creator, would meet with him

### **Pre-Chorus**

With bated breath he awaited, For the arrival of the Holy One  
His body would shake with excitement, His senses were heightened, and his tears would flow

### **Chorus 1**

Then love arrived, Love arrived, It was the highest realm, he had ever known,  
Love arrived, Love arrived, It was beautiful, indescribable, when love arrived.

### **Verse 2**

With every moment, of every day that passed, His mind consumed, with his rendezvous  
And God's voice alone, led to ecstasy, A sound that echoed, through his daily thoughts

### **Pre-Chorus 2**

Paradise thronged with His Presence, when the time came, his heart began to race  
Light showered down, light upon light, A union of love, bliss beyond all words

### **Chorus 2**

Then love arrived, God arrived, It was the highest realm, man had ever known,  
Love arrived, Love arrived, It was beautiful, indescribable

### **Pre-Chorus 3**

But man disobeyed and brought chaos, the dream fell apart, and all hope was gone  
Could he regain all that he'd lost? There was a plan, to send love again

### **Chorus 3**

Love has arrived, on a cross, this time full of pain so that we regain  
God's love (God's love)  
Love has arrived, (God's love) Love has arrived, has arrived  
it is beautiful, indescribable... Love.
